

If the LPFM stations proposal takes effect, we will lose K-Love and Air1. K-Love and Air1 are the only stations we have in the state that has contemporary christian music. We support K-Love financially. They are family oriented while the other stations are not always suitable for families. Also the programs and music on these other stations can be found on regular FM stations. The music on K-Love and Air1 aren't found anywhere else, especially in Western Kansas. Please allow us this choice we have made and do not allow these other FM stations knock K-Love or Air1 off.
